

## Get into the scene with Toshiba 3D glasses.

Just slip on the stylish lenses, gaze into the 3D screen, and you'll see characters and scenes come to life before your very eyes.

3D entertainment is all about bringing depth to the movie and gaming experience in your living room. Slide on these 3D glasses and the images on your compatible Toshiba 3D HDTV seem to leap right into your living room or home theater. Enjoy 3D entertainment and amazing picture quality with Toshiba passive 3D glasses matched to the TL515U Series LED HDTV. To create the ideal 3D viewing experience, these sleek passive 3D glasses are designed for comfort so you can focus on your favorite movies or video games. The Party Pack of 10 passive 3D glasses let friends and family share the thrills of the 3D experience front and center on the Toshiba TL515U Series LED TV.

### Key Features:

#### Passive 3D

3D technology is ideal for families and gamers who want to enjoy in-your-face action, eye-popping movies and games in 3D.

#### Polarized Optics

With passive 3D glasses, high resolution 3D images and action scenes remain clear and sharp with stunning vibrant colors.

#### Lightweight Compact Design

These lightweight and compact 3D glasses are designed for comfortable viewing enjoyment. These 3D glasses fold and save space when stored.

#### Party Pack Kit

The convenient 3D Party Pack with 10 pairs of passive 3D glasses ensures that everyone in your family or group enjoys the immersive 3D experience with your Toshiba Natural 3D LED HDTV.

<sup>1</sup>Viewing 3D content with the FPT-P100UP Natural 3D glasses requires compatible Toshiba TL515U 3D display, compatible 3D playback device or 3D source, and 3D capable HDMI® cable (all sold separately). Due to the possible impact on vision development, viewers of 3D programming should be age 6 or above. Children may be more susceptible to health effects from viewing 3D images and should be closely supervised. Some viewers may experience a seizure or blackout when exposed to certain flashing images or lights contained in certain 3D television pictures or video games. Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition, or has a family history of epilepsy, should contact a health care provider before using the 3D function of this product. Click here <http://info.toshiba.com/#3DViewing> for Important Safety Information Concerning 3D Viewing.
